V1

Aufgrund europäischer Richtlinien der Economic Commission for Europe ECE R124 verlangt der europäische Rädermarkt immer mehr nach Rädern mit ECE-Norm.

ECE Räder entsprechen exakt den technischen Abmessungen des Originalrads vom Fahrzeughersteller, das bereits in den Fahrzeugpapieren eingetragen ist. Die Räder sind von außen mit dem ECE Symbol und der ECE-Genehmigungsnummer gekennzeichnet. Dies stellt für den Fahrzeughalter eine erhebliche Erleichterung dar, denn es müssen keine Unterlagen mitgeführt werden.

Alle gezeigten Räder auch in weiteren Farben erhältlich.

ECE Anwendungsübersicht von CMS Rädern

Marke	Modell	Typ	Rad	Dimension	Lochkreis	ET	Radnummer	Farbe	Reifen	Reifen	Reifen	kW-Bereich
Farben: CS = Silber, CBG = Schwarz Glanz, DB = Diamant Schwarz, GG = Titanz Glanz, RS = Racing Silber												
Audi	A3 inkl. Sportback	8P, 8PA	V1	6,0x15	5/112	47	V1 605 47 60S	CS	195/65 R15			77
